03 November 2020

Dear James,

We really appreciate all the effort that you and your colleagues put into organising your Jersey Day and are so grateful for the generous donation of €183 and awareness it generates for GOAL. As we all face the challenges that COVID19 is bringing to our country, the people in the countries GOAL works in are at even greater risk.

Your incredible support will have an immediate impact on the lives of vulnerable children, women and men around the world during this time of crisis. It will save lives, and ease suffering, and help our teams across the work to protect themselves and their families as they continue to deliver help to where it most desperately needed.

It's been a time of unprecedented crisis globally with COVID19 hitting the world's most vulnerable people the hardest. Your gift today will help reach another person with vital aid and support.

Across Africa, the Middle East and South America, our brave teams are on the ground responding as conflicts, disasters and virus outbreaks threaten the most vulnerable amongst us.

You've offered them a lifeline today.

You are helping us provide emergency assistance, basic nutritional support, clean water and sanitation systems to help those most at risk to survive crisis. And to build and look forward to brighter tomorrows.

This is only possible because of your support, your generosity and your compassion.

It is because of you that we can be there, when we are needed. First in and last out. I cannot thank you enough.

For those in crisis, you offer support and hope when its needed most.

Yours sincerely,

David Burns
